RONALD J. POYNER  
Chief of Police

**January 1, 2022**

## KNOXVILLE CITY COUNCIL

### DECEMBER 2021 POLICE DEPARTMENT ACTIVITY REPORT

During the month of December 2021 the police department responded to and handled 110 calls for service; of those incidents 74 required written reports.

There were 16 State Traffic, 1 City and 16 Written Warnings issued.

There were 12 traffic/non-traffic arrests made.

There were 44 calls handled by the Knox County Sheriff's Department on shifts where we had no officers available. To date the sheriff's department has handled 202 calls for the city of Knoxville since our staffing problems have arose. This is not a total count of calls handled by the county as not all their monthly reports have been sent to me at the time of this report.

Officer Torry Carnes was sworn in at 1330H on December 30<sup>th</sup>. At 1400H one of our guys made a traffic stop wherein we sent Officer Carnes with his K9 to assist. The dog alerted on the suspect vehicle and a controlled substance arrest was made as a result of officer Carnes K9 and training. Given the climate in today's world I believe the addition of a K9 unit will prove very beneficial to this city.

On 01/11/22 officers Patrick Hayes and Heath Milan will be leaving for their state mandated training and will be gone for 14 weeks.

At the time of this report there have been 1, 229 calls for service during wherein 714 written reports were made. There were 202 calls for service handled by since the point I started logging that activity due to our staff issues. There were many calls handled by the county prior to my logging process.

Please see page 2 for calls for service itemized.
